

## A PODCAST SERIES SPONSORED BY WRIISC-HOME

As of June 2024, new episodes of Veterans' Health Matters podcast series offer clinicians, Veterans, and caregivers information about topics related to military environmental exposures. Some of the latest episodes include an introduction to the VET-HOME program, the Airborne Hazards and Open Burn Pit Registry 2.0, chemical warfare agents and their health risks, and everyday clinical care tips for exposures.

Veterans' Health Matters is on Spreaker and other platforms. **Tune in and Subscribe today!**

### **Veterans' Health Matters Podcast Series**

<https://www.spreaker.com/podcast/veterans-health-matters--4478189>

Previous podcast episodes provide tools and strategies on several different topics all geared toward improving the care of our nation's Veterans.

## Every Veteran's health really does matter.
